ANNEXURE

Guidelines for the grant of selection grade pay-scales to Non-Government Aided Secondary School Teachers.

I. The teacher will have to complete 8 years of service in the school or under the same management in case the posts of teachers are transferable from one school to another under the same management. In case a teacher does not complete 8 years of service as on 5th September, 1971, he is eligible for selection grade on the day on which he completes 8 years of service any time after 5th September, 1971.

II. The teacher shall be placed in the selection grade to be applicable to each category according to his/her seniority in his/her school under the Management in case the posts are transferable and further subject to fitness.

III. Seniority for the purpose of Selection Grade shall be the length of service in the same school in the same category. The seniority will be based on the date of appointment on a regular vacancy after being selected by a properly constituted selection committee.

IV. The service rendered by a teacher as a temporary teacher shall be considered for the purpose of fixing the seniority provided the service is continuous.

V. Continuous service rendered by an untrained teacher shall be counted for seniority provided the teacher was appointed on a regular vacancy.

VI. The Seniority of a teacher in the school will be according to the rules of seniority laid down by the Govt. for non Govt. Institutions.

VII. If the Management of two or more schools is the same, and if the teachers in such schools are subject to transfer, these services rendered by such teachers in the same category in all such schools put together shall be counted for the purpose of seniority.

Subject to the rules laid down hereinabove, the criterion of fitness for selection shall be that the service record of the teachers is satisfactory. The fitness for selection shall be based on the satisfactory reports entered in the Confidential Reports for the last three years. If there are any adverse remarks in the C. R. which are not communicated, the same should be ignored.

VIII. When a teacher placed in the selection grade of lower category is subsequently promoted to a higher post his pay in that selection grade will be protected while fixing his pay in the higher post and the resulting vacancy in the lower post shall be filled in by granting selection grade to a teacher who is eligible.

IX. A teacher who is officiating in the higher post will get the selection grade of the lower post on which he holds a lien, provided he fulfils the conditions for the grant of selection grade. In such a case, the service rendered by him in the officiating capacity in the higher post will also count towards eligibility for the grant of selection grade in the lower post. If however, he has been con-

firmed in the higher post to which he has been appointed, he relinquishes all claims for grant of selection grade on the lower post.

X. If a teacher who is substantive in the lower post and officiating in the higher post is appointed on a substantive basis to a substantive vacancy in the selection grade of the lower grade, suitable officiating appointment can be made in the resultant vacancies of the selection grade attached to the lower grades during the period when the selection grade teachers are allowed to officiate in the higher grade.
